FAQs related to CDC Placement Process.

Q1. Are all companies strictly verifying physical attendance against the online test logs?

Ans.: Yes, the physical attendance record for every online test is forwarded to the recruiter and retained in the records of the Career Development Centre. A candidate who appears for a test from a location other than the designated venue, and whose attendance is not recorded by CDC appointed invigilators, shall stand disqualified from the recruitment process. All shortlisted candidates are cross-verified against the physically recorded attendance sheet. Hence, CDC ensures attendance of students in designated venue for further processing.

Q2. What actions are being considered for the candidates who bypassed the offline venue requirement?

Ans.: Any regular candidate (except students who went for SAIP/SAPP program) who takes a test from a location other than the designated venue, and whose attendance is not recorded, shall be disqualified from the recruitment process. Shortlisted candidates are cross-verified against the physically recorded attendance sheet.

Q3. How can we be assured that these candidates are not repeating this behaviour across multiple company exams without any serious consequence?

Ans.: Attendance is recorded strictly and systematically, and designated staff members have been assigned to carry out this responsibility with due diligence. Any candidate found appearing for a test from an unauthorised location without a recorded attendance shall, without exception, be disqualified from the process. This procedure has been communicated to the recruiters, who are extending full cooperation with CDC.
It may also be noted that Placecom members and Dep-Reps are not involved in invigilation duties during online tests; their presence is limited to coordination purposes only.
The CDC remains committed to ensuring the fairness and integrity of all online tests. In addition to CDC officials and institute staff, often the tests are conducted in the presence of professional agencies deployed by the recruiters to oversee the entire process.

Q4. How the identity of a student is verified during a test?

Ans.: Student candidature is verified exclusively using one of the following physical or live documents:

• Original physical Institute ID Card
• Original physical Institute Medical Book
• Live login of the ERP profile

Candidates who fail to produce one of these specified documents is marked ‘ABSENT’ on the attendance sheet.

Alternative identification (such as Aadhaar, PAN, or EPIC etc. in any form) and photocopies or screenshots of institute credentials is not accepted. Such candidates are marked as ‘ABSENT’ on the attendance sheet.
